(U//FOUO) SIGINT Development Strategy and Governance (SSG) is pleased to announce another brown bag discussion focused on SIGINT Development topics of interest. We believe these sessions will be of interest to those who are working in SIGINT Development, or who are interested in learning more about NSA's SIGINT Development activities. A brief abstract of the planned presentation is below:

(U//FOUO) This Brown Bag presentation will provide an overview of GlobalBroker. **GlobalBroker will provide standard interfaces for entity query and update, entity push, and graph query.** GlobalBroker will interface to existing data sources as well as transformational activities under PRESSUREWAVE. GlobalBroker will support RebA's Integrated Analytic Environment as well as other projects that have requirements to connect. GlobalBroker is leveraging and building upon the GlobalReach architecture.

(U//FOUO) This brown bag session is **classified TOP SECRET//COMINT** .

(U//FOUO) **To register for one of these sessions**, military and civilian employees can call [REDACTED]s, or send an e-mail to the "mpgteam" alias. Please provide your Social Security Number, session preference with times, and course designator (CRSK-1500).
