Center for Intelligence Research (S202A1)  
Run Date: 04/27/2006

(U//FOUO) The best in open source is now available to you. Terrorism, technology, and WMD (weapons of mass destruction) open-source news are just a few of the topics covered on a new AIRS Main Library web page. Research analysts hand-select articles of particular interest from numerous commercial databases and other sources and then post them to this web page to allow for broad access by NSA analysts.

Check it out at [Open-Source News](#)
